FOCUS ON THE FAMILY

RADIO THEATRE®

For years, Focus on the Family Radio Theatre has been producing award-winning audio dramas of classics with world-famous actors and cinematic sound design.

These stories engage the imagination

Audio drama is like a movie, but for your ears. That means you can listen on the go, wherever you are!

UNFORTUNATELY,

In recent years, Focus has stopped producing new Radio Theatre audio dramas.

The team wants to create more, but they need your support.
